08/2021 – 09/2021

Description: Build the web server to store user's spinning information. Executing checks before the user spins the prize and wallet authentication.

Members: 2 members.

Main tasks:

- Created the CRUD Api for the reward;
- Captcha integration;
- Handled of user wallet authentication.

Technologies:

- Programming languages: C#;
- Frameworks: Abp Framework;
- Libraries: Web3, Captcha;

IDEs: Visual Studio, VS Code.

Intern — Metinyulcel Game

06/2020 — 05/2021

Key Deliverables:

- Created and maintained the WinFrom application and their web application for employees of the company.
- Developed the web-based software using computer programming languages such as C#, and SQL Server.

- Designed, coded and modified applications by implementing knowledge of ASP.NET Core.

Gain:

- Acknowledged technologies like Abp Framework, Angular2, Knockout JS, Entity Framework Core.

Projects:

TOOL MANAGER SERVER

01/2021 – 05/2021

Description: Build the system to manage the state of the applications running on the company's clients and notify the manager if the application is inactive.

Main functions: Client management, tool management, script management and script executions.

Members: 1 member.

Main tasks:

- Systems analysis and design: List of requirements, Use-case specification, design, the estimate for the task,...;
- POC – ClearScript;
- Coded the system's functions according to the design.

Technologies:

- Programming languages: C#, HTML, CSS, Javascript;
- Frameworks: Abp Framework;
- Libraries: Knockout JS, ClearScript;

IDEs: Visual Studio, VS Code.

Objective

I want to use my knowledge and skills to get practical exposure in the work and understand the internal performance of the company. I want to learn and improve in a professional environment. There is an opportunity to work in a large company, apply the experience of programming and the learned skills to become a professional developer, help the company reach its goals, and fulfill its mission.

Education

Thang Long University — Hanoi, Vietnam

2017 — 2021

Bachelors in Computer Science

Degree: Good

IT Plus Academy — Hanoi, Vietnam

ASP.NET MVC Web Programming Course

Degree: Good
